

TOUCH & GLOW

THE LEADING SKIN SPECIALISTS

www.touchandglowskinandlaser.com
Book online 24/7 www.touchandglowskinandlaser.com

Clinical Director Charlene McMahon is proud to welcome you to Touch & Glow Skin and Laser Clinics.

Our state of the art multi award winning clinics are specialising in the latest and most advanced non-surgical aesthetic treatments in the beauty industry.

Recognised as one of Ireland's most reputable and innovative aesthetic skin clinics, Touch and Glow truly set the bar for next generation anti-ageing. Our clinics offer the most innovative, safe and highly effective skin and laser treatments, alongside a five-star service.

We offer the most advanced skin treatments on the market. We adopt a Feed Fortify Finish philosophy and guarantee our clients the best results. We use internationally renowned names such as Advanced Nutrition Programme, Environ Skincare, Caci Synergy, Skin Formulas, Skingredients, Ultraceuticals, Candela, Danne Montaque King, Image Skincare, Dermalux, Jane Iredale Mineral Cosmetics and Aveda Hair Care.

All products are available to purchase on our online store www.touchandglowskinandlaser.com

A skin consultation with a skin specialist is key when it comes to finding a skincare programme to suit you.

No two skins are the same so a tailor made programme will deliver the best results. Every first visit to the clinic starts with a skin consultation. This is done to give both a professional skin analysis and to ascertain your own concerns and goals for your skin. We truly believe in the importance of the right daily home care and will spend time making sure your plan is bespoke to your skin.

The consultation takes 30 - 45 minutes and will include an in-depth skin analysis using our digital skin analysis machine. We will advise the best homecare plan and in salon treatment plan suited to your skin concerns.

Tips for best results:

- On the day of your appointment we ask that you cleanse your skin the morning of the consultation and apply no moisturisers, serums or makeup. This gives us a clear view of your skin in its natural state. Freshly cleansed skin can remove surface oils that are important for us to see as part of the consultation.
- We also ask that you bring along any products you are currently using on your skin. Whenever possible we will try to work with the products that you have and may add some recommendations suitable to your skin.
- We advise a photo to be taken on day 1 and monthly afterwards to monitor changes.

FEED

Advanced Nutrition Programme

When it comes to healthy skin, what you put inside the body can be as important as what you apply topically. The Advanced Nutrition Programme is a cutting edge range of supplements that supports skincare regimes.

These premium nutraceuticals provide the optimum daily amounts of vitamins, minerals and plant extracts to help maintain vibrant health and glowing skin. Only the finest, purest ingredients are used, in a form that is easily absorbed by the body.

Ask one of our team for more information.

You can purchase Advanced Nutrition Programme from our online site www.touchandglowskinandlaser.com

Skin Formulas – Signature Glow treatments

Glow Signature Facial Treatment

€90

Skin Formulas is a results based skincare brand which encompasses both luxury and science. Active cosmeceutical ingredients combined with uplifting essential oils work together to create a luxurious yet results driven treatment. A gentle enzyme exfoliation that will leave skin brighter, smoother and more hydrated. A soothing massage will leave you feeling fully relaxed and rejuvenated.

Glow Signature Lactic Peel Treatment

€90

This multipurpose chemical exfoliation utilises lactic acid to gently resurface the skin. This achieves an improvement in the appearance of fine lines and wrinkles, reduction of inflammation, brightening and lightening of pigmentation. Acne and congestion prone skins will also benefit from the antibacterial properties of the peel solution. Excellent introduction to advanced skin treatments. Suitable for all skin types.

NEW

Electro-Sonic Essential Treatments

€85

Environ's pioneering dual electro-sonic technology sets the benchmark for professional skincare treatments. Low frequency sonophoresis together with pulsed iontophoresis in combination with Environ's professional skin care products, help deliver more of what skin needs where it needs it most - making a real lasting difference to your skin, for life.

Essential Youth Reset

€85

Help soften the appearance of fine lines, sun-damage & sagging skin with this peptide and vitamin-packed treatment for a more youthful appearance.

Essential Moisture Boost

€85

Help reduce the appearance of fine lines caused by dehydration and promote a more moisturised glow with this intensive treatment featuring hyaluronic acid as the key ingredient.

Essential Comfort Calm

€85

Help soothe and comfort sensitive and irritated skin with this treatment which combines powerful ingredients to leave the skin feeling restored with a healthy-looking radiance.

Essential Radiance Reveal

€85

Help target the signs of sun-damage and pigmentation with this treatment which boosts the skin with the correct combination of ingredients for an even-toned, radiant-looking appearance.

Essential Vitamin Touch (Non DF)

€85

This treatment is recommended for anyone contra-indicated to Electro-Sonic current. Enjoy the relaxing power of touch that delivers essential vitamins to where skin needs them most for healthy-looking beautiful skin.

Customised Environ Skin Treatment

€54

Environ's pioneering dual electro-sonic technology sets the benchmark for professional skincare treatments. Low frequency sonophoresis together with pulsed iontophoresis in combination with Environ's professional skincare products help deliver more of what the skin needs where it needs it most – making a real lasting difference to your skin, for life.

In this this customised facial your therapist will use products & techniques to precisely fit your skincare concerns. Custom facials can address a variety of needs ranging from premature aging and environmental damage to acne flare-ups to a dull and patchy complexion.

Customised Essential Skin Treatment (All Areas)

€110

Using ultrasounds and electrical current to penetrate, three peptides are used to repair and boost collagen and elastin. Your customized treatment will assist in creating an overall improved skin appearance, softening fine lines, tightening lax skin and refining the appearance of scarring and uneven skin texture. Includes both the face & neck areas.

Focus-On Treatments

€54

Specially developed to target specific areas using Environ's revolutionary Dual Electro-Sonic DF Technology, ensuring that your primary skincare concerns are directly addressed. Perfect for when time is limited.

Focus-On Filler

€54

This innovative, intense and non-invasive treatment helps to smooth the look of facial lines and restore a rejuvenated, plumped youthfulness to the skin's appearance.

Focus-On Frown

€54

The iconic peptide blend in this treatment assists to reduce the appearance of expression and frown lines on the forehead as well as eyes, leaving skin looking more smooth and relaxed.

Focus-On Eye

€54

Combining powerful peptide complexes with hyaluronic acid, this intense treatment promotes a refreshed, hydrated and youthful-looking eye area.

Focus-On Texture

€54

An intensive combination of the three Environ Technologies; Dual Electro-Sonic, Cool Peel and Micro-Needling which assists to improve the appearance of mild scarring, revealing smoother, evenly-textured skin.

NEW

Focus-On Filler Skin treatment

€70

The Environ Tri-Complex Dual Effect Filler Serum is a non-invasive alternative to dermal fillers. This prestigious skincare serum promotes youth-enhancing benefits and works in 30 minutes. The serum works to achieve a natural-looking enhancement through its plumping and volumizing effects.

Traditionally, dermal filler injectables come with much discomfort and downtime. Environ's painless serum alternative can be used as part of Environ's 'New Focus on Filler Treatment' to achieve the same dermal filler results. It can also be used as a complementary treatment to injectables. In addition, the company made technological advancements to its facial protocol, which smooths the look of facial lines while restoring and rejuvenating the skin.

The Tri-Complex Dual Effect Filler Serum focuses on the forehead, eyes, and cheek area to leave the skin looking naturally youthful.

Customised Focus On Skin Treatment

€54

The "FOCUS-ON" Environ facials target specific areas of concern such as frown lines, texture & eye area with the powerful Electro-Sonic DF Technology and active serum combinations. Each facial is customised to suit your skin & specific concerns

Focus-on Body Profile

€54

This powerful body sculpting treatment will help you to say goodbye to the "orange peel appearance". The effective combination of active ingredients with our dual electro-sonic DF technology assist in firming and conditioning, and helps to maintain a smoother, suppler and toned-looking skin. This treatment can also improve the appearance of an unwanted double chin.

Focus-On Even Tone

€54

The powerful combination of vitamin A, C and AHA's assists to improve the appearance of pigmentation irregularities for a more even-toned and brighter-looking skin.

Environ Cool Peel® Treatments

€85

Environ's unique Cool Peel Technology is a non-invasive, intelligent skin renewal system developed by Dr Des Fernandes to safely and effectively help refine, revive and brighten the appearance of skin. Experience a real, lasting difference through beautiful science.

Youth Renew Cool Peel

€85

This cool peel treatment assists to reduce the appearance of premature ageing, fine lines, sun-damage and an uneven skin complexion. Discover the power of an intelligent skin peel that will leave the skin looking refreshed and vibrantly youthful.

Moisture Boost Cool Peel

€85

Designed to gently peel the skin's surface and revitalise dry, tired-looking skin to a healthy glow. Suitable to do all year round with no visible peeling or downtime.

Deep Cleansing Cool Peel

€85

This unique method of deep cleansing the skin is gentle yet effective in helping to purify and control the appearance of congestion and breakouts, leaving the skin looking clear, healthy and refreshed.

Bright Recovery Cool Peel

€85

This gentle lactic acid cool peel assists to reduce the appearance of premature ageing, fine lines and uneven skin tone as a result of excessive sun exposure.

Blemish Control Cool Peel

€85

This powerful cool peel treatment assists to improve the appearance of blemish-prone, distressed skin helping to unclog pores and remove surface impurities related to problematic skin conditions.

Vibrant-C Micro Peel

€85

A concentrated vitamin C infused peel that is freshly mixed before application to ensure optimal freshness and efficacy. Proven to deliver a healthy looking, evenly toned appearance as well as improved skin texture. An excellent choice for sun-damaged, pigmented and ageing concerns.

Collagen Stimulation Therapy

€250
Course of 4 Sessions €725

This is a cutting-edge treatment technique that harnesses your body's natural powers of healing to increase collagen and achieve incredible results. The body responds to CST in the same way it would react to an injury. The small amount of bleeding caused during treatment releases powerful growth factors which are part of a natural healing response, resulting in increased collagen and elastin production. It is especially effective for addressing the visible signs of ageing as well as sun damage, scarring, slackened skin, stretch marks, uneven skin tone and dilated blood vessels. Patch test required 48 hours prior to treatment.

Consultation and Patch Test required for this treatment.

Rejuvapen Needling

The rejuvapen is a remarkable, non-laser, non-surgical treatment that causes skin to stimulate collagen production and fresh, new tissue. Skin tightens; wrinkles, fine lines, scarring, and hyperpigmentation significantly diminish; pores become finer; and the overall health and circulation of the skin is improved. The instrument itself utilizes what is called medical micro-needling, and in Rejuvapen's case, 9 micro-needles are used on the skin to create thousands of invisible and virtually painless perforations. By creating these microscopic channels in the epidermis, the body immediately responds by increasing the formation of new tissue to refresh mature skin, as well as releasing of growth factors that promote scar and hyperpigmentation repair and healing. Adjustable needle length from 0.2 to 1.5mm allows customized treatments from skin freshening to deep scar repair anywhere on the body.

After the initial treatment, patients often notice that their skin has a healthy pink glow and that fine lines are diminished.

Skin naturally takes roughly four weeks to synthesize new collagen, but it is not until about four months that patients can see the full effect of Rejuvapen treatments. It is suggested that patients receive four treatments, spaced at least two weeks apart.

Patch Test required 48 Hours prior to treatment.

Image Skincare Facials

O2 Lift

€85

A hydration and oxygen combination that promotes divine hydration. This luxurious treatment infuses oxygen, plant-derived anti-ageing stem cells, peptides and a high concentration of enzymatic botanicals into the skin leaving it luminous, refreshed and rejuvenated. This is an ideal prep programme immediately before any event.

Customisable Image Facial

€85

Customisation for best results.

A clinical results-driven facial designed to give beautiful lifted, firmer, deep cleansing and glow. The treatment uses a blend of powerful antioxidant protection, nutrition and enzymes and stem cells all sandwiched together to provide immediate measurable differences for the discerning client. Ideal as a quick fix pre-event facial or as an incentive to commence the skin health journey.

Image Skincare Customised Peels

€85

Our image enzyme peels are high-level AHA/BHA chemical exfoliators, IMAGE Skincare has a treatment to suit your specific skin type. Beautiful skin starts with healthy skin. The circle of skin health consists of highly effective professional treatments perfectly customized to specific skin conditions. These signature IMAGE treatments are complemented by daily home-care products to enhance and maintain outstanding results.

Note For all Peels:

Allow a minimum of 2 weeks between treatments for maximum results. Pre-treatment of your skin is necessary prior to all peels excluding Ormedic Lift.

Dermalux led

Dermalux Led Single Session
Course of Dermalux Session x12
Add on Treatment

€40
€200 usually €400
€25

Multi Award winning Dermalux® LED Phototherapy is the leading, non-invasive treatment that harnesses the power and beauty of light for visibly radiant, rejuvenated and refined skin.

Voted 'Treatment of the Year' for 4 consecutive years. Dermalux® combines clinically proven wavelengths of light with the latest generation LED technology to deliver safe and effective results for a wide range of skin conditions without discomfort or downtime.

After just one treatment, Dermalux® instantly energises skin cells to revitalise a dull and tired complexion. A course of treatment offers long lasting results, stimulating the skin's natural rejuvenation and repair processes to promote healthy looking skin, accelerate cell renewal and resolve a range of skin concerns. Great skin doesn't happen by chance. Discover the benefits of Dermalux® and find out how this award winning treatment can transform your skin. While we often associate light exposure with skin ageing and damage, light also has many positive influences on the body. It helps us produce vitamin D and provides energy and serotonin and can also accelerate our skin's natural repair processes.

DMK Danne Montague-King

DMK believes that the origin of most skin conditions is a result of disharmony within the skin. Using the principles of biochemistry, DMK has formulated a range of treatments and products designed to educate skin to perform like youthful healthy skin.

By matching formulations with the body's chemistry, the skin is encouraged to respond in a positive manner. DMK's revolutionary concept of REMOVE, REBUILD, PROTECT, MAINTAIN aims to match an individual's biochemistry with the appropriate skin therapy.

Botanical-based paramedical products make up the DMK skin care program.

Remove

Remove the dead skin cell build-up, which leads to the appearance of dry skin, fine lines, congested skin or skin discolouration.

DMK uses enzymatic hydrolysis, a treatment that transforms dead cell material into a weak acid and flushes it away, bringing new skin cells to the surface.

Rebuild

Rebuild skin by encouraging the skin's vital internal processes to function optimally, enabling cells to stay alive longer and perform at their highest potential, creating healthier, younger looking skin. DMK oils, serums, spritzes and crèmes work directly on the skin cells with DMK's unique 'direct delivery'. These are designed to provide natural skin tone and moisture.

Protect

Protect the skin from the sun, free radicals, glycation and other environmental factors that lead to premature ageing using potent natural antioxidants.

Maintain

Maintain beautiful skin with DMK Home Prescriptives which work to prolong the results achieved by DMK Professional Treatments.

The DMK concept provides clients with lifelong skin management programs to incorporate into their daily lives.

How DMK Enzyme Therapy Works

DMK Enzyme Therapy treatments act on three very important systems of the body. These are:

1. The Facial Muscles
2. The Blood Vessels of the Skin
3. The Lymphatic System

DMK Enzyme therapy

Enzyme therapy is DMK's world renowned, signature skin revision treatment designed to rapidly restore the health and natural functioning of your skin enabling it to perform just as it did when it was younger.

We offer different enzyme treatments, to target each individual client's needs. Your therapist will decide which enzyme treatment is best for you.

Medical Grade Laser (Candela) Consultation

€30

Laser Hair Removal for women/men is the most effective method of removing unwanted hair. The question is why continue to wax and shave when you can have a smooth and silky body with a course of Laser Hair Removal. We use only the most advanced technology available, using what's called "medical-grade laser" which means we can guarantee successful results. A course of six treatments is generally recommended but you will notice a significant difference after just two or three sessions. We are the only clinic in the North East to boast 3 Candela Gentlase Pro Systems.

Red, blonde, grey or white hairs are not suitable to laser hair removal.

Call the salon for a consultation and patch test and be hair free.

Factors to consider when thinking of laser hair removal.

- Hair must be dark in colour.
- You must not have an active tan on the area and no fake tan should be on the skin 21 days prior to treatment.
- Your sessions are generally 4-6 weeks apart depending on the area.
- Clients are asked to shave the area 24 hours prior to treatment.
Please do not shave the same day as laser.
- No photosensitive medication (nurofen) 24 hours prior to treatment.
- The clinic is not responsible for shaving.
- Consultation Fee is redeemable against a course or treatment.

IPL hands	€55
Add gel polish, cuticle work, mask	€12

PHI Brows

PHI Brows is a manual skill of semi-permanent eyebrow drawing. The treatment is for anyone who wants to have perfect, symmetrical brows without the hassle of having to fill them in. Hair strokes are drawn on in the direction of the natural hair growth using pigment to achieve a hyper realistic look. The pigment is applied into the surface layer of the dermis using sterilized tools. The pigment is chosen so to match the natural hair colour. After the healing, the colour may become several hues lighter than the natural hair colour.

Treatment is performed with disposable sterile tools (PHIBrush), and pigments are produced in accordance with the highest standards (PHI Brows Microblading Pigments). Correction is done a month after the first treatment, because between 10 and 15% of drawn strokes disappear after the first treatment. Colour is extremely dark during the first 5 - 7 days. 7 days later, it loses 40 to 50% of its intensity. On average, expected time until a new colour refreshment is between 10 and 12 months. With oily skin it is up to 6 months. The healing is fully completed after 28 days and this is when we perform an obligatory addition of the pigment that has been lost. Post-treatments flow makes 70% of the treatments success. Consequently obey advice, because if you don't do so you may lose up to 80% of drawn strokes. Rinsing and applying creams is of great importance. Pain during the treatment is relative. Consultation and Patch test required upon booking this treatment.

Consultation - Redeemable against treatment only (non refundable)	€50

LVL Lashes

LVL Lashes is one of the quickest ways to brighten and lift the entire face.

LVL Lashes give you the opportunity to get longer looking lashes, without the need for lash extensions.

LVL Lashes can give you a fabulous wide eyed appeal that is completely natural, some of the advantages include:

A treatment for natural lashes – no lash extension needed. LVL adds Volume and Lift.

Treatment takes just 45 Minutes and lasts up to 6-8 weeks. Results are immediately visible.

*This treatment requires a patch test 48 Hours in advance

LVL Lashes **€50**

HD Brows

€32

Our treatment begins with an in-depth consultation to agree the size, shape and the look you want, before starting to create the perfect, bespoke brows to fit your face.

We'll apply custom-blended colour and your Stylist will darken, lighten* or simply tone the natural shade of your brow to ensure your look is complimented, not overtaken. Our exclusive brow mapping formula then works to build your unique shape before using a combination of HD hair depilation techniques to create it. We'll then perfect your brows using our brilliant make up collection, along with a mini make up lesson to help the upkeep of your brows between appointments.

Worried you don't have enough hair to create a perfect arch? Don't worry! We'll put you on a regrowth programme and work with you every step of the way to get the brows of your dreams.

HD Express (within 4 weeks)

NEW

DMK Medi Pedi

DMK Medi Pedi (includes 1 Week Polish)

€65

The DMK MediPedi foot treatment removes calluses / corns / cracked heels / rough, dry hard skin build up / dark pigmented areas and any fungal or bacterial infections. MediPedi, the "Danné Alkaline Wash Callus Treatment" for the feet is exceptional. It leaves the most rough, cracked and callused feet feeling smooth and soft without the use of any blades or rasps.

Clinical trials have proven that Medi Pedi reduced further callus build up and left the feet smoother and softer for much longer. Unlike rasping and scraping techniques, which research has shown to cause a thickening of the skin that resulted in a short-lived / unsatisfactory solution to dry callused feet.

Today's clients are concerned with hygienic environments, cross contamination and risk of infection and rightly so. The Danné alkaline foot treatment is 100% hygienic, safe and best of all effective. Alleviating the concern in all these areas while achieving a more superior result than aggressively blading or rasping skin from the feet.

MediPedi, gently, yet very effectively and efficiently dissolves away dry hardened crusty skin build up on the feet.

MediPedi incorporates our unique alkaline solution, herbal pigment oil and Maximum Moisture. These products swell, dissolve and soften redundant cuticle build up and then returns the skin to a normal pH level.

TREATMENT
for you!

Margaret Dabbs Manicure and Pedicure

The ultimate authority in Hand and Foot Care, we are delighted to welcome Margaret Dabbs to Touch and Glow.

Her Supreme Manicure and Pedicure offer clients outstanding results, returning nails back to their optimum condition.

Our staff are all trained in the Margaret Dabbs treatments, offering you the highest experience.

Her take home range is now available in our clinic and online delivering luxury and indulgence along with true result driven protection every day.

Signature Glow Supreme Pedicure

€59

Step into a Margaret Dabbs pedicure for the ultimate transformative treatment for feet. This pedicure begins dry; delivering precise nail and cuticle work. An exfoliating mousse is applied leaving the skin feeling soft and supple. Using the power of organic Emu Oil, this treatment provides anti-fungal protection, which is infused throughout her line. Your feet will feel fresh, detailed and radiant. Nails are shined to a healthy finish, you may not want to polish but we do add a 1 week polish if you wish.

Signature Supreme Manicure

€40

This prescriptive manicure was developed with the health of the hands in mind. It will deliver lasting hydration to the skin and nails using the power of organic Emu Oil. Performed dry to begin with for precise cuticle work, until a creamy exfoliant is applied. Enjoy the aromas of geranium and mandarin while a cooling serum sinks into the skin. A hand and arm massage completes the experience, finishing with a layer of soothing hand protection spray. Nails are left looking bright and healthy, you may not want to polish but we do offer a 1 week Polish if you wish.

Tanning Treatments

BEST SELLER Vita Liberata Tan/ Half Body	€25 /€20
Tanning Thursdays (4-9pm) (Call clinic for special)	€15
Top Ups Next Day (must be within 2 Days)	€10
Lusso Tan	€20

Tan Aftercare Advice:

- Your tan will begin to develop immediately after treatment.
- Do not shower or bathe for a minimum of 4 hours after your treatment.
- The ideal development time is 8 hours.
- During the development time, do not participate in any activity which may cause perspiration.
- It is fine to leave the guide colour on overnight and wash in the morning.
- Guide colour is light to minimise guide colour transfer. If you do have guide colour transfer this will wash out of cotton but not so easily from man-made fibres or wool.

Tan Maintenance Tips:

- With the correct aftercare, your tan can last longer, apply Tan Primer every day to hydrate your skin and maintain your tan for longer.
- Exfoliate your skin at least once a week to avoid patchy fade.
- Do not rub but pat your skin dry after showering or bathing.
- Avoid swimming pools as chlorine can bleach the skin so your tan will fade faster.

Mini Mi Inch-Loss Body Wraps

The advanced technology used in the Mini Mi solution, breaks down fat cells resulting in a reduction of fat and inches from those difficult areas on the body.

Targets fat reduction in specific problem areas

€75

Relax and breathe deep; inhale the calming benefits of Lavender in this completely balancing and rejuvenating spa experience.

Using our basq Perfecting Lavender Sugar scrub as our secret weapon for damage repair and smooth youthful skin. An instant fix for dry, itchy and stretched skin. Exfoliation is the absolute best way to fuel skin renewal and push damage up and out. Following this is a pampering application of basq Mega Moisture Butter to nourish the skin with the powerful omega oils.

Tired Leg Soother

€30

An exfoliating lower leg and foot massage to improve circulation and improve any swelling and heaviness in the legs associated with pregnancy. Whilst the legs are wrapped you are treated to a relaxing scalp massage.

Comfort

For your comfort and convenience during facial and body treatments please put your mobile on silent to create a relaxed environment.

In consideration for all our clients, if you are running late, please phone ahead, we will try to accommodate as best we can.

Please understand we only allocate a specific amount of time for each treatment to be carried out.

If you are late, your appointment may have to be shortened so as the next client's treatment is not affected.

You will be charged for the amount of time and treatment you reserved when booking your appointment.

Please arrive 10 minutes prior to your 1st treatment to fill in a consultation form, if you have not filled it in online.

Our medical questionnaire must be filled out for insurance purposes.

We will not compromise any of our clients.

All appointments require a 50% booking deposit to secure the booking.

The deposit is non-refundable should you cancel within 24 hours.

If you are unable to keep your appointment for any reason, please contact us 24 hours prior to your appointment time. In the event that a cancellation is made less than 24 hours prior to booking, please be advised that you will be charged 50% of the price of the treatment.

No show appointments will be charged in full – this includes treatments booked from courses; you will forfeit one of your treatments already paid for in a course if you do not cancel in advance or fail to show up for your appointment.

For insurance health and safety children under 16 are not allowed on the premises unless they are being treated and have parental consent or a GP Letter.

There is no credit facility at Touch and Glow.

Offers cannot be used in conjunction with any other offer.

The Management and Staff are not responsible for personal damages or losses.

We thank you for your patience and hope you relax and enjoy your time with us.
